NATIONAL FEDERATION

Constitution and articles

Adopted at the annual general meeting, 14 June 2025

Sample document for a demonstration website. National Federation is not a real organisation.

1. Name and objects

The federation is the national governing body for its member sports. Its objects are to promote, develop and govern those sports for everyone, at every level, and to select and support the teams that represent the nation.

2. Membership

Affiliated clubs are the federation's voting members. Individuals join through a club or directly, and have the rights set out in the membership regulations.

3. The board

The board has nine directors: five elected by member clubs, and four independent directors appointed for their skills, one of whom chairs it. Directors serve terms of three years, and no more than three terms.

4. General meetings

An annual general meeting is held each year. Each affiliated club has one vote; a special resolution needs a majority of three quarters of the votes cast.
