NATIONAL FEDERATION

Equality, diversity and inclusion policy

How we make our sports open to everyone

Sample document for a demonstration website. National Federation is not a real organisation.

Our aim

We want our sports to reflect the communities they serve, from the people who play to the people who lead.

What we do

We run para and inclusive pathways, women and girls' programmes and concession memberships, and we publish how diverse our board, staff and volunteers are each year.

Reporting discrimination

Discrimination of any kind is a breach of our codes of conduct. Report it to your club or to the federation in confidence.
